Air Supply

The legendary group stops their world tour at the Jack Singer Concert Hall

In 1980 'Lost in Love' became the fastest selling single in the world and leaped to the top of the all the charts and then 'All Out of Love' went up the charts even quicker. Seven top-five singles later, Air Supply at that time had equalled the Beatle's run of consecutive top five singles. The albums 'Lost in Love', 'The One That You Love', 'Now & Forever' and 'The Greatest Hits' sold in excess of 20 million copies.

Spectra and producer Didier Morissonneau are proud to announce that **Air Supply will be performing at the Jack Singer Concert Hall on Monday August 14th at 8:00 p.m.** The group who achieved cult status with an endless stream of hit songs will add one night in Calgary to a world tour that will take them everywhere from New Delhi to Taipei. Other stops in Canada include Edmonton and Montreal.

With greatest hits that include the classic love songs *Lost in Love, Every Woman In the World, All Out of Love, Even the Nights are Better, Making Love Out of Nothing At All, Sweet Dreams* and so many more, Air Supply promises "the most romantic night of your life" ... Not since Simon and Garfunkel has any singing duo had more world-wide hit songs than Air Supply ...

Comprised of British-born Graham Russell and Australian Russell Hitchcock, the group was enjoying early success in Australia but soon rocketed to superstardom when they opened for Rod Stewart on tour and released their song *Lost in Love* to American audiences in 1980. Their tender ballads defined an entire generation...

The Calgary audience will be privy to an amazing event. Air Supply traditionally plays to arena sized crowds around the world; however they will not alter their dynamic staging techniques, instead they will perform the same big show in the fabulous Jack Singer for an incomparable evening of sound and lights and hits. www.airsupplymusic.com
