**Spotlight on winter at the  
MONTREAL HIGH LIGHTS Festival**

**Montréal, February 18, 2010** – The Mayor of Montréal, Gérald Tremblay, is pleased to announce the city’s support to the MONTREAL HIGH LIGHTS Festival, to be held February 18 to 28, 2010.

“I salute the hard work of organizers and artists who will make the 11th edition of the MONTREAL HIGH LIGHTS Festival a memorable winter event for all those who take part in winter activities and wish to thwart the winter cold. What is so great about this festival is that it brings together visual arts, music, sumptuous dining and light for added warmth as well as exciting and innovative entertainment. The HIGH LIGHTS Festival strengthens the city’s reputation as a cultural metropolis and offers a unique showcase for our talented artists. I invite the public to share its *joie de vivre* and attend the 7th edition of the *Nuit blanche* at Montréal city hall,” said Mayor Tremblay.

Since its introduction 11 years ago, the MONTREAL HIGH LIGHTS Festival has brought together both local and international artists, who add new interest and diversity to every edition of the festival. With a focus on culture and gastronomy, the festival stands out, again this year, by offering a mix of genres and delights. The participation of great local and international chefs in the Wine and Dine Experience confirms the event’s highest quality and reputation.

HIGH LIGHTERS are invited to attend the country & western *Nuit blanche* at city hall on February 27, for great dancing and a foot-stomping good time.

The Ville de Montréal is pleased to support the 2010 edition of the MONTREAL HIGH LIGHTS Festival through financial and technical support. For a complete list of events, please visit [www.montrealenlumiere.com](http://www.montrealenlumiere.com).
